NOTE: Correspondent is not identifiable in Bufiles. No substitute material is being offered inasmuch as Bufiles reflect that the Young Christian Students joined with the Chicago NAACP youth division and a CORE group in picketing several Woolworth stores in Chicago during May, 1960. It is believed the Bureau should not become affiliated with this controversial group since it might be potentially embarrassing for the Bureau and the Director.

Dear Mr. Hoover:

A group of boys and girls from Catholic Central High School, Springfield, Ohio, members of the Young Christian Students Organization, are going to present a panel discussion on Communism at the Southern Regional Y.C.S. Study Week, to be held at St. Bernard College, Cullman, Alabama, from August 14 to August 18.

We would be very happy to have copies of Communist Target-Youth to distribute to the student delegates. Would it be possible to obtain this pamphlets in quantity? Unfortunately we have no funds and would not be able to pay for them. We expect at least 350 to 400 students. This would be an excellent opportunity to put good, reliable information about Communism into their hands. Anything you can do to assist us will be greatly appreciated.

Please send any material to

Dear Sir:

My wife and I have recently become aware of the Communist menace in our country. We have been attempting to inform others as well as ourselves. It has fallen our lot to present to the session (governing body) of our Presbyterian Church material which will convince them of the necessity for informing our congregation about the enemy we face.

Will you please send us twenty (20) copies of your pamphlets "Communist Target-Youth," also the one that covers San Francisco riots ("Operation Abolition") and any others which you think will be helpful.

We have read and deeply appreciate your book "Masters of Deceit." We are circulating it among our group. Though we need short articles fairly easy to read right now, we would greatly appreciate your recommending a list of books to read when these men become more aware of their enemy.

Thank you for your help and the work you are doing -

Gentlemen:

I understand that there is a very informative pamphlet available from the Federal Bureau of Investigation entitled, "Communist Target--Youth", by J. Edgar Hoover. Please forward a copy of this tract to me immediately. If there is no charge, or a very small charge for such pamphlets (not over \$3.00) please forward 100 copies to me to use for distribution to people as we confront them with this problem within my church work.

I will be showing the film, "Operation Abolition" in the very near future, and if you could suggest any other materials for general distribution to those viewing the film, I would appreciate your assistance.

Sincerely, *KE*

Dear

I have received your letter of June 25, and the concern prompting your communication is appreciated.

I am indeed pleased to learn that my book, "Masters of Deceit," was of value in your study of the problem of communism. I wrote this book with the hope that it would become a primer for those who wanted to learn the true nature and objectives of the Communist Party, USA, and letters such as yours are reassuring since they indicate this purpose is being achieved.

While I would like to be of service to you, unfortunately our supply of the pamphlet you desire has been depleted. However, I am enclosing some material on the general subject of communism which you may like to read.

Sincerely yours,

J. Edgar Hoover

Dear Sir:

First, let me begin by saying that you have been a true inspiration not only to me, an American youth, but also to my PEERS? who sincerely try to be good citizens.

I am firmly convinced that we, as American youths, will take our places in the roles in which we have been selected with heads lifted high and hearts and minds determined to let freedom prevail throughout this great country of ours. We shall do this because we will have taken your excellent wisdom and guidance to heart.

But, so much for that. A few months back I learned of a piciticular group of people who were determined to overthrow this government. I became more and more concerned. Then I asked myself // just what could I do? I reread your book a third time and I realized that // I being in a position to inform people I had a special obligation to my country and myself.

Recently I viewed a television program in which they presented film "Operation Abolition." I was very shocked, angered, and saddened by the conduct of the students.

They mentioned a particular book written by you entitled Communist Target--Youth in which I could obtain from you. Would you send me this book please. I would appreciate it very much if you could please send me any additional information concerning where and how I may obtain additional information by the Government connected with the danger and how to fight the danger of communism.

Respectfully yours,

NOTE: Correspondent is not identifiable in Bufiles. She requests copies of Communist Target--Youth which could be distributed when the picture "Operation Abolition" is shown and materials which could be shown with film, "Communist Encirclement 1961." Bufile 94-49268 -A identifies "Communist Encirclement 1961" as being produced by the National Education Program, Harding College, Searcy, Arkansas. 

 of Harding College and is on the Special Correspondents' List. The film mentioned by correspondent is a sequel to "Communism on the Map," also prepared by the National Education Program. The latter film has been reviewed by Bureau Agents and the consensus of opinion was that it is not the type of material which should be used or endorsed by the Bureau.

Correspondent is not being furnished any pamphlets at this time in view of the fact it might be construed that we consider this material appropriate to accompany the showing of the above-mentioned film.

 INFORMATION CONCERNING

In answer to Mr. BELMONT's request for suggestions as to future handling of potential inquiries concerning the pamphlet "Communist Target - Youth." See mylet 5/3/61.

It appears to this office that this matter has developed additionally in the interim period so that the following two suggestions are being furnished as a supplement to reflect for the consideration of the Bureau.

1. Unquestionably the Bureau will answer the letter from "San Francisco Examiner" newspaper reporter and to his home address so that it wouldn't go through the varied procedures of the newspaper and, further, would reflect a complete package of normal correspondence.

When this has been done, it is thought that in future printings of the pamphlet when it is again issued it would be possible to include a copy of letter and the Bureau's answer as a portion of the Appendix without changing the data in the pamphlet in any respect.

Such inclusion not only backs up the Bureau's position as to the controversial question of Paragraph 3, Page 8, but gives an implication that the exchange of correspondence is merely one sample of such additional data.

2. A review of the pamphlet "Communist Target - Youth" reflects that there is a blank page - Roman numeral VI, opposite Roman numeral VII which is the "PREFACE" statement of Congressman FRANCIS WALTER. It is suggested that a statement could be made in that space, i.e. Roman numeral Page VI under some such heading as the following, thereby obviating the necessity of changing any of the wording in the pamphlet. This data was furnished to Assistant Director BELMONT on 5/24/61.

The data included in instant publication from the Federal Bureau of Investigation was received from reliable sources in connection with our Internal Security jurisdiction, official reports of local agencies, and eyewitness volunteers.

As a by-product of such Internal Security jurisdiction, there is a resultant responsibility as a representative of the Executive Branch of the Federal Government to furnish pertinent data to the Legislative Branch of the Government, in this instance an official Congressional Committee, despite the fact that no investigation was conducted by the Federal Bureau of Investigation of the events at the San Francisco City Hall, May 12 - 14, 1960.

Dear Mr. Hoover:

In the past year as a student at the University of California at Berkeley I have been thrown more than ever before into the "glories of ultra-liberalism and 'New Worldism'". Each day I have become more appalled at the growing influence of these Communist -front organizations. I am so insensed by the tactics of these groups that I want to do everything in my power to inform myself of the evils of their propaganda and their methods of operation, to fight them in every way I can.

I am particularly interested in your pamphlet Communist Target-Youth, and in any other literature you could send me pertinent to this subject.

By letter to Director 7-4-61, captioned individual advised he attended a "rigged" showing of "Operation Abolition" sponsored by the Democratic Club of Palos Verdes Estates, California, on 6-30-61. The speaker against the film was Irving Hall who stated that the Director did not write "Communist Target--Youth." Cadle stated he would appreciate a letter from the Director confirming that "Communist Target--Youth" is an accurate report, written by Mr. Hoover.

pointed out that he is part of a special group of 10 citizens which is being formed for the purpose of presenting the proper information "to those innocents" who are seeing the film for the first time. His group intends to completely discredit Hall each time he speaks.

There is no information in Bufiles identifiable with Briefly, Bufiles reflect that

is currently the subject of a security investigation. He was one of the students arrested by the San Francisco Police Department in connection with the May, 1960, HCUA riot. He is of the Bay Area Student Committee for the Abolition of the HCUA, which organization we are presently investigating to determine if there is any possible CP infiltration. In recent months has given numerous lectures before various groups in California, has shown and criticized the movie, "Operation Abolition," and has made derogatory remarks concerning the Director, terming "Communist Target--Youth" as a "gross misrepresentation." (100-435050)

Of course, it is realized may use any reply from the Director in connection with his program to discredit however, it is felt the Director may wish to clarify any misconception concerning authorship of "Communist Target--Youth." Accordingly, it is felt the attached letter would be appropriate in this regard.

Dear [Redacted]

Your letter of July 4, 1961, has been received, and I appreciate your kind remarks.

In response to your inquiry, my report, "Communist Target--Youth," concerning the San Francisco riot in May, 1960, was based on information from the FBI's investigation of Communist Party activities, from eyewitnesses on the scene, and from official reports of local authorities involved. The description of the demonstration itself came from police reports and eyewitnesses.

It is always good to hear from citizens who demonstrate an awareness of the evils of communism and who display a desire to combat this threat to our freedoms. In view of your interest, I am enclosing some material which you may wish to read.

Sincerely yours,

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

Last Friday I attended a "rigged" showing of the film "Operation Abolition" sponsored by the Democratic Club of Palos Verdes Estates, California. It was deplorable.

The speaker against the film was [redacted] an Associate Professor at University of California, and incidentally, one of the student rioters of May '60. The meeting was rigged with a Hall-sympathizer moderator, who, of course, would not pick any of us willing to refute the lies and distortions made by [redacted]. We were finally forced to speak out crudely and break up the meeting to save hearing any more baloney.

My point is, [redacted] made serious implications about you--especially that you did not write the HCUA report, "Communist Target-Youth". I would appreciate a letter from you confirming that this is an accurate report, written by you. We are forming a special group of 10 citizens, armed with complete information, who will attend all of [redacted] "lectures" to see that the proper information is given to those innocents who are seeing the film for the first time.

[redacted] tactics, in opposing the film, are the usual far-left tactics of evading the facts and concentrating on slurring The HCUA, the FBI, and the San Francisco Police. We intend to see that he is discredited completely each time he speaks.

Thank you for all of your years of service to America.

Dear Mr. Hoover:

Just a note to thank you for sending me the materials for use in our conference last week. They were most helpful. I want to thank you also for adding my name to your mailing list. I feel very strongly about the importance of understanding the threat of communism and I am sure the information from your office will help me to do what little I can in and out of the pulpit.

Again my thanks for your help.

Dear Sirs:

We recently organized a Project Alert group, patterned after the Pensacola, Fla. organization. Our purpose is to alert the people in this community to the communist menace and to promote our American heritage.

Our first major activity will be a cold war seminar for college students from this area, to be held at Fort Jackson, South Carolina on August 31, 1961.

We would like to include in a literature handout package a copy of Mr. J. Edgar Hoover's COMMUNIST TARGET: YOUTH for each of the 300 students expected to attend.

The purpose of my letter is to inquire whether you can make available to us 300 copies of Mr. Hoover's report at no cost to us, or perhaps at less than the 15¢ per copy asked by the Superintendent of Documents.

Your early reply and any assistance you can give us in this matter will be greatly appreciated.

Very truly yours.

In her letter of August 2, 1961, who is preparing a bulletin for teachers in the Detroit Public Schools, Detroit, Michigan, requests permission to quote excerpts from "Communist Target-Youth." Bufiles contain no information of a derogatory nature identifiable with and only correspondence with her was on January 14, 1947, in which we declined her invitation to the Director concerning a speaking engagement.

In view of the controversy that has arisen over the San Francisco riots, it is deemed advisable to discourage reprinting excerpts from this pamphlet whenever possible. Also, there is no way to determine if correspondent's reference to this booklet will be in a favorable vein. There is no reason, of course, why she cannot quote some excerpts from this pamphlet with or without the Director's permission, inasmuch, as it has received wide distribution and excerpts have been reprinted repeatedly throughout the country. Therefore, it is felt the above in-absence reply is appropriate.

In a recent monthly publication of National Student Association, a reference was made to your pamphlet, entitled "Communist Target-Youth".

As college women, we realize that we cannot fight communism until we know more of its ideology and methods.

In conjunction with an all-out College endeavor on informing our students on Communism, the Student Association has planned several programs for the coming year.

We would appreciate any information you can give us on obtaining this pamphlet, so that it might be distributed to our 320 students.

C "COMMUNIST TARGET - YOUTH"

For the Bureau's information, on August 4, 1961, [redacted] of the League of Women Voters of Cleveland, 1462 The Arcade, Cleveland 14, Ohio, telephonically contacted this office and inquired where she could obtain copies of the publication "Communist Target - Youth." She explained that her above organization had sponsored a television program entitled, "Open Circuit" on station KYW-TV, Cleveland, at 3:30 PM, Sunday, July 30, 1961, on which Senator EARL MUNDT of South Dakota was the featured speaker. She said that during the course of the program Senator MUNDT mentioned the above publication in very laudatory terms and suggested that interested persons contact the FBI for copies.

It was explained to [redacted] that the above publication is no longer available. She indicated that she might communicate with Senator MUNDT's office and advise him of this information.

Dear

Your letter of August 13 has been received, and the interest prompting you to communicate with me is appreciated.

In response to your inquiries pertaining to the statement attributed to Assistant Director William C. Sullivan, I want to advise you that Mr. Sullivan made no such remarks. He was queried in a question and answer period about the FBI sources of information regarding this demonstration. He told the audience what the sources consisted of in the preparation of the report. He also advised the students that if they had any information as to the incident that they wished to furnish to the FBI, they should feel free to contact our representatives in our San Francisco Office. I am enclosing a copy of the address delivered by Mr. Sullivan to these students.

The publication to which you referred was based on information from the FBI's investigation of Communist Party activities, from eyewitnesses on the scene, and from official reports of local authorities involved. The description of the demonstration itself came from police reports and eyewitnesses.

A responsible eyewitness to the riot recently wrote to me and in part summarized:

"To sum it up, there was a fracas on the Hearing Room side of the barricade involving a young man whose identity I do not know, triggering the mob violence immediately preceding the police use of the hoses. There is no question as to this sequence of events."

[REDACTED]

The publication outlined the agitational tactics used by communists during the May, 1960, hearings to build the emotional pitch of the demonstrations to an explosive point--the point at which an effort was made to supplant the rule of law with mob action. These facts speak for themselves. Despite confusing and contradictory statements which have been made about the affair, the truth is that a riot occurred and lawful authority was flouted.

It has always been my policy to refrain from commenting on publications not prepared by this Bureau. In view of this I am unable to comply with your request concerning criticisms by the individual referred to in your letter.

Sincerely yours,

J. Edgar Hoover

J. Edgar Hoover
 Director, Federal Bureau of Investigation
 Washington, D.D.

Dear Sir:

I have encountered some serious charges against your report, "Communist Target--Youth" and I would like to obtain some information concerning them.

The June, 1961 issue of The Californian makes the following statement: "William Sullivan, Chief Investigator for the F.B.I., admitted to a University of California audience on November 28, 1960, that of the hundreds of students who planned, executed, and participated in the May demonstrations, not one had been interviewed in preparation for Hoover's report." Is the substance of this quotation correct? If so, why were no students questioned during the preparation of your report?

Your report contains the following passage: "One of the demonstrators provided the spark that touched off the violence. Leaping a barricade that had been ~~xxxxxx~~ erected, he grabbed an officer's night stick and began beating the officer over the head." Was [redacted] this demonstrator? The Californian article states that the San Francisco Chronicle and Examiner, in editorials after [redacted] trial, called on you to correct the errors in your report. Are there any errors in your report, and if so, have they been corrected?

One of my friends has pointed out that your report does not provide a great deal of specific information as to whether the student demonstrations against the House Committee on Un-American Activities were actually organized by the Communists. He admits that the Communists planned to organize such protests but argues that it is extremely difficult to determine the precise extent of Communist influence, if any. Is this view correct? If not, could you provide evidence for me or refer me to sources which will provide evidence of the extent of Communist influence?

On pages 212-16 of [redacted] The Un-Americans, a new book which I imagine you have heard of, there are a number of criticisms of your report. Could you tell me if any of these criticisms are valid?

Thank you very much.

Dear Mr. Hoover;

We would like very much to have 15 copies of the report "COMMUNIST TARGET---YOUTH" by you, which tells of the communist strategy and tactics in the rioting which occurred during the House Committee on Un-American Activities hearing, ~~San Francisco, May, 1960.~~ ~~San Francisco, May, 1960.~~ San Francisco, May, 1960.

For a number of years I have gathered every thing I could in literature to show what Communism is doing to brain wash our YOUTH, but people were just pretty skeptical--until just recently, when young college students in Kansas (two young men) have been traveling over the state telling how our Universities and Colleges are manned by teachers that are absolutely for socialism and favoring communist "idealism". This has stirred things here, and I am having calls for this report, which I had told them about earlier, when they were too busy to read it! Young people who are starting their first experience in college or University, are especially anxious to get these.

I promised I would do what I could to get these. If you can not send them, would you please inform as to how we can get these. If there is any postage or other expense about them, we wish to know about that also.

Since our schools start here Monday, Sept. 3 we would like to get these into the hands of the young people who are alert and concerned as soon as possible.

September 4, 1961

Dear Mr. Hoover:

After attempting to receive succor in our problem from our Congressman, and having failed to do so, we communicate with you in the hope that you will be able to comply with our facile request.

We are interested in acquiring a copy of the Congressional brochure, "Communist Target----Youth," which, of course, was written by yourself, and which depicts the Communist-instigated student riots in San Francisco in May, 1960, against the hearings of the House Committee on Un-American Activities. Could you mail us a copy? We would be extremely appreciative if you would.

Also, Mr. Hoover, we have been apprised that the 45-minute documentary film, "Operation Abolition," which delineates the entire outrage which took place in San Francisco against the Committee, and which has been endorsed of it's veracity by Mayor George Christopher of San Francisco, the Chief of Police of San Francisco, the Sheriff of San Francisco County, as well as yourself, has been abated by the Defense Department from the training programs of the military troops. Could you quickly elucidate on this?

If this is true, than it's later in this Nation's hour than we thought it was.

At any rate, we thank you graciously for your cooperation.

Yours very truly,

Reference is made to memorandum from Mr. Baumgardner to Mr. Belmont dated 7-22-60 captioned "Communist Target - Youth." This document, prepared by the Bureau, was released by the House Committee on Un-American Activities (HCUA) on 7-18-60. The Director noted: "I am concerned now as to foundation for our statements in the document. H."

The sources used in writing the above-captioned document have been completely and exhaustively reviewed. They have been found to be thoroughly reliable. The material making up the document is wholly factual and authentic. In light of the reliability of the sources and the factual nature of the material, the document can be completely substantiated and supported without reservation.

There is enclosed a typewritten draft of the document "Communist Target - Youth" which contains a detailed analysis of the sources in the form of paragraph-by-paragraph documentation. Several introductory paragraphs and the Conclusions require no documentation since they are, in essence, a summarization of the factual and authentic material presented elsewhere. The varied and reliable sources include (1) confidential informants, many of whom are currently serving in leadership positions on national, district, and local levels of the CP; (2) Special Agents of the FBI who were present at the HCUA hearings in San Francisco in May, 1960; and (3) photographs from the press which vividly show communist efforts to disrupt the HCUA hearings.

It is felt now, even as at the time of preparation, that this document presents a forceful and factual picture of communists trying to influence and exploit youth in this country in accord with Lenin's principle that, in the conflict between communist and noncommunist forces, the "youth will decide the issue of the entire struggle--both the student youth and, still more, the working-class youth." RECOMMENDATION:

While the document has a solid foundation based on reliable informants and authentic material, it is recommended that criticism of it not be answered by referring to original sources, since that would disclose valuable live informants and confidential investigative techniques and would involve the testimony of Bureau Agents.

Memorandum 8/24/61 from Assistant Director Callahan to the Director summarizes pertinent items in the Congressional Record for 8/23/61. Pages 15787-15788 set forth remarks of Congressman Hebert, (D) Louisiana, concerning the banning of films about communism at military establishments.

Congressman Hebert referred to a letter he had received from [redacted] of the Navy, wherein [redacted] makes reference to a film being produced by the Department of Defense covering the tactics employed by communists seeking to manipulate youth. [redacted] is quoted as stating:

"This film is being produced within the framework of material set forth in the House Committee on Un-American Activities print entitled 'Communist Target - Youth,' a report by J. Edgar Hoover, Director of the Federal Bureau of Investigation."

OBSERVATION:

It is believed that, inasmuch as the Department of Defense film under production is apparently using material from the pamphlet "Communist Target - Youth" and is likely to make reference to the Director and/or the Bureau, we should be apprised of the content of the film and particularly of any references therein of interest to the Bureau.

RECOMMENDATION:

If you agree, the Liaison Section will contact the appropriate person in the Department of Defense in order to determine just what references will be made in the film presently in production to the Director and/or the Bureau and how the Department of Defense plans to use the pamphlet "Communist Target - Youth" in the production of the film.

Your kind message concerning my administration of the activities of the FBI is very much appreciated, and I want you to know that there is no truth to the rumor that I am going to retire. My only desire is to continue in my present capacity as long as I can be of service to our Nation.

It is gratifying to know of your interest in alerting others to the menace of communism, and I wish that it were possible to grant your request. I regret to inform you, however, that the great demand for our publications, together with this Bureau's budgetary limitations, precludes my forwarding material in volume. Mr. J. Edgar Hoover, Director
 Federal Bureau of Investigation
 Washington, D. C.

Dear Sir:

In an effort to try to alert the people to the menace of Communism both here and abroad, we maintain a literature rack in our store. In this rack we place all sorts of bulletins, pamphlets, et cetera, pertaining to Communism. We have a number written by Dr. Fred Schwarz, and many, many others.

We would like to ^{obtain} a few booklets written by you, if at all possible. One in particular I think the public would profit from reading is "Communist Target- Youth."

If convenient, would you please send us possibly 25 of this brochure, and also 25 each of at least two other pamphlets you think would be appropriate?

Incidentally, every now and then, we hear a rumor that you may possibly be considering resigning as Director of the F. B. I. I sincerely hope that this is indeed only a "rumor." For the good of America, it is vital that you remain at your post. It has been said that no man is indispensable, but in my opinion, you are the exception to that rule. You just must remain as Director for many years to come.

Thank you very much.

Sincerely

Former Bureau employee, Gordon Nease, called me this morning and stated that Senator Strom Thurmond (D-South Carolina) has been holding hearings in connection with the above-captioned Resolution which has for its purpose a request for an investigation of the educational and training programs of the defense establishments. Nease said he did not know what action would be taken on the Senate Resolution and could not say whether it would be reported out favorably or not. But, in any event, Secretary of Defense McNamara, yesterday in testifying, at one point referred to the film "Operation Abolition." Nease said he does not know who said it but it was his recollection that it was Senator Thurmond that the FBI had pretty well authenticated the film.

At another point of the testimony Secretary McNamara mentioned that the Defense Department was in the process of making a splendid film on communism which is based on the FBI report, "Communist Target - Youth." You will recall that this has been previously called to our attention and it has been approved that the Liaison Section check with the Department of Defense to determine just what is being done in making such a film. (Separate memo coming thru)

Nease also stated that during the hearings it was developed that General Walker, who was relieved of his command in Germany for his anti-communist activity, had apparently been engaging in politics to the extent where he was using the voting records of Senators and Congressmen as prepared by some organization here in Washington and requesting the troops to review this record with a view to keeping it in mind in connection with their votes for Senators and Congressmen. Nease indicated that in this respect General Walker was guilty of using very bad judgment. Nease also reminded me that General Walker was in command of the troops at Little Rock when the integration storm broke down there.

REC-4

Nease further stated that they were being flooded up there with communications from various people in favor of Senate Resolution 191. It was his feeling that this was the result of a letter-writing campaign on the part of the John Birch Society. He said the mail had been extremely heavy from California.

The foregoing is submitted for your information.

Walter Raps Post Editorial Second Time

Chairman Walter, of the House Committee on Un-American Activities, yesterday criticized for the second day in a row a Washington Post editorial he implied might have been written by a former member of Communist fronts.

The Pennsylvania Democrat charged in the House that the editorial was wrong in questioning whether Communists led a disturbance at a subcommittee hearing in San Francisco last year.

Holding up a large framed photograph, he told the House that it was taken in the hearing room at the time of the disturbance. He pointed out three men he said were Communist Party leaders in California or New York.

Mr. Walter did not refer specifically to his statement Tuesday in an exchange of remarks with Representative Hoffman, Republican of Michigan, concerning authorship of the editorial. As quoted in the Congressional Record this morning he said: "I am not so sure that editorial was not written by a former member of the Communist fronts who writes editorials for the Washington Post. It sounds like the line he usually indulges in."

Mr. Walter did not identify any one.

An official of the paper called the implication "completely false."

The matter came up when Mr. Hoffman asked what Mr. Walter thought about the editorial which criticized a request for the printing of 36,000 copies of a committee report on the San Francisco disturbance.

Mr. Walter said "All the left-wing press, particularly the

Washington Post, have been very critical of this motion picture."

In a statement published in the Post yesterday, J. R. Wiggins, editor and executive vice president of the paper, declared: "The implications of the

statement by Congressman Walter, of which he says he is not sure, are, in fact, completely false. He could have made sure they are false by a simple inquiry at the Washington Post. The House remarks closed

with Mr. Hoffman saying that "as I have read the Post over the years they seem to be a part of the Communist Party."

Mr. Walter said, "They are lending great aid and comfort to the international conspiracy."

Suit seeks to solve mystery of how cop 'mug' shots were obtained for smear

LOS ANGELES — Four local supporters of the House Un-American Activities Committee have been slapped with a \$540,000 Superior Court damage suit growing out of the student demonstrations against the committee in San Francisco in May, 1960.

The suit may also clear up the mystery of how police 'mug' shots of the 63 persons arrested at the demonstrations got out of the supposedly confidential files of the San Francisco police into circulation by private citizens in apparent violation of a state law.

The American Civil Liberties Union is bringing the suit in behalf of three students, Irving W. Hall, 25, and George F. Murray, 27, of Berkeley, and Robert S. Meisenbach, 22, Stockton.

They were among the 63 arrested by the police. Charges against all but one of the 63 were dropped and only Meisenbach, who was acquitted, was tried on charges of assaulting a police officer.

THE DEFENDANTS

Despite this court record of indication, the suit alleges, the four defendants have been passing around the police photos of the three students at the public meetings where "Operation Abolition," the committee's discredited film about the demonstrations, have usually been shown.

The defendants in the suit are Ruth Albright, who heads up the speakers' bureau of the Coast Federal Savings and Loan Assn.; Thomas Hoag, Jr., an Anaheim member of the American Legion; Frank C. Martinez, Costa Mesa publisher of a McCarthyite rag called "Americans on Guard"; and D. B. Graybill of West Los Angeles, a photographer.

The suit charges that circulation of police photos is an invasion of privacy and in violation of a state law barring the use of confidential police information by private citizens.

ACLU Counsel A. L. Wirin said the four defendants will be subpoenaed for adverse examinations in advance of the trial of the suit.

"We are going to obtain their depositions and learn from their testimony, given under oath, how they came in possession of these photographs," Wirin said.

ONLY TWO AGENCIES

The only government agencies that had access to the photos, Wirin added, were the House committee and the San Francisco police department.

Hall, one of the plaintiffs in the suit, debated earlier this year against Hoag and Miss Albright at Democratic club meetings in this area, at which "Operation Abolition" was discussed pro and con. Hall was confronted with a two-foot en-

largement of his police photo at a meeting at which Miss Albright waved the torch for the House Un-Americans.

Hoag, questioned then about police mug shots which he was showing around at meetings, said he had received them by mail but professed not to know who had sent them to him.

Wirin said police photos of all 63 persons arrested at the demonstrations have been widely circulated in Southern California for the purpose of "malicious harassment."

SMEAR SHEET

Miss Albright also does "research" at Coast Federal, which includes digging up spurious quotations attributed to Marxist classics for the firm's president, Joe Crail, to use in literature sent out to customers. Between

times, Crail heads up the annual city observance of Constitution Day.

Martinez is charged in the suit with publishing the police photos in his smear sheet which peddles at 25c a copy as "a newspaper that dares to tell the truth." The front page of the August-September number is devoted to a buildup of the recent "anti-Communist" school at the Sports Arena and to redbaiting attack on Frank Donner, author of the best-seller paperback, "The Un-Americans," which delves into the history of the House Un-Americans.

A telephone call to the Graybill home at 1743 Roscomare dr. in West Los Angeles elicited the information that Graybill is a photographer but Graybill himself was not immediately available.

Dear [Redacted]

Your letter dated November 17, 1961, has been received, and I regret to inform you that our supply of the pamphlet you requested has been depleted. Enclosed is other material on the subject of communism you may find of interest.

The film, "Operation Abolition," is sponsored and distributed by the House Committee on Un-American Activities, and the FBI took no part in its preparation. You may wish to contact the Committee directly in this connection in Room 225, Old House Office Building, Washington 25, D. C.

Our publication concerning the San Francisco riot in May, 1960, was based on information from the FBI's investigation of Communist Party activities, from eyewitnesses on the scene, and from official reports of local authorities involved. The description of the demonstration itself came from police reports and eyewitnesses.

In view of the subsequent additional publicity in this matter, a responsible eyewitness to the riot wrote to me and in part summarized:

"To sum it all up, there was a fracas on the Hearing Room side of the barricade involving a young man whose identity I do not know, triggering the mob violence immediately preceding the police use of the hoses. There is no question as to this sequence of events."

Our report outlined the agitational tactics used by communists during the May, 1960, hearings to build the emotional pitch of the demonstrations to an explosive point--the point at which an effort was made to supplant the rule of law with mob action. These facts speak for themselves. Despite confusing and contradictory statements which have been made about the affair, the truth is that a riot occurred and lawful authority was flouted.

I regret I am unable to furnish you additional data along the lines of your requests because of the confidential nature of our files under regulations of the Department of Justice.

Dear

Your letter dated November 29, 1961, has been received, and the interest prompting you to write is appreciated.

As you are undoubtedly aware, the riots to which you referred in your communication were directed against the United States House of Representatives Committee on Un-American Activities. You may wish to direct your inquiry to the Committee which is located in Room 225, Old House Office Building, Washington 25, D. C.

I might point out, however, that this Committee did cause to be published a report based on the FBI's investigation of Communist Party activities, from eyewitnesses on the scene and from official records of local authorities involved. It outlined the agitational tactics used by communists during the May, 1960, hearings to build the emotional pitch of the demonstrations to an explosive point--the point at which an effort was made to supplant the rule of law with mob action. These facts speak for themselves. Despite confusing and contradictory statements which have been made about the affair, the truth is that a riot occurred and lawful authority was flouted.

In view of the subsequent additional publicity in this matter, a responsible eyewitness to the riot wrote to me and in part summarized:

"To sum it all up, there was a fracas on the Hearing Room side of the barricade involving a young man whose identity I do not know, triggering the mob violence immediately preceding the police use of the hoses. There is no question as to this sequence of events."

Dear Mr. Hoover:

DEC 27 1961

The accuracy of your statements in the report, "Communist Target-Youth", has been challenged by some of my friends with the argument that you have made statements subsequent to the publication of the pamphlet that some of your conclusions were based upon erroneous information. I would like to know if this assertion is true. Do you feel that there are mistakes in "Communist Target Youth"? If you do, I would greatly appreciate it if you would delineate them for me. If my friends statement is false, I would greatly appreciate hearing from you to that effect.

Reference is made to the enclosed newspaper clipping from the Richmond News Leader concerning a report by the National Council of Churches (NCC) on the film "Operation Abolition." The clipping refers to a report published by the House Committee on Un-American Activities (HCUA) entitled "The Truth About the Film 'Operation Abolition'" in which it was stated that the NCC report took a portion of material from "Communist Target--Youth" and quoted it out of context. The Director asked: "What about this?"

The portion of "Communist Target--Youth" involved is two paragraphs describing the setting in San Francisco when the 1960 HCUA hearings were announced. It points out that the HCUA had proposed to hold hearings in 1959 concerning communist activities among educators and that widespread opposition to the proposed hearings had arisen among teachers' groups, church organizations, civil liberties' groups, student groups, and a few newspapers. Although the 1959 hearings were cancelled, a nucleus of these groups remained intact. When the 1960 hearings were announced, the Communist Party skillfully propagandized the idea that they were again aimed at teachers. The combination of the existing nucleus of these groups and communist propaganda resulted in a quick reactivation of them.

The NCC report referred to these two paragraphs, but left out the subheading "Party in Advantageous Position" and the first sentence of the first paragraph which read: "The proposed setting for the hearings placed the party in a particularly advantageous position for launching the attack." The NCC report emphasized only that early opposition to the HCUA had been noncommunist in nature and implied that the same was true of the 1960 opposition to the hearings.

RE: National Council of Churches
Report on "Operation Abolition"

As the enclosed newspaper article indicates, the HCUA rebuttal exposed the NCC's report on this point, correctly showing that the material had been used out of context.

Unfortunately, the HCUA erred equally in its rebuttal by going to the opposite extreme. In its report on the point it attempts to emphasize the Communist Party opposition and minimize the noncommunist opposition to the HCUA, stating that what really was meant in "Communist Target--Youth" was that the communists reactivated their own front groups. This clearly is in contradiction to what was said and obviously is a distorted interpretation of it.

The truth, then, is that both the NCC and the HCUA are wrong on the point. The former quoted out of context for the purpose of minimizing the role which communists played at the San Francisco riots. The latter distorted the meaning to stress the role which communists played at the riots. The incident is typical of the distortions which have been made by those who have engaged in the bitter battle about "Operation Abolition" and have attempted to use "Communist Target--Youth" to support their particular positions in the squabble.

Reference is made to the enclosed newspaper clipping in which Judge Axelrod referred to the Bureau pamphlet concerning the student rioting in San Francisco in May, 1960, and claimed that the Director had "later admitted" that the pamphlet should have included that portion of the judge's decision in which he stated that he was convinced the students were not engaged in subversive activities or in spreading subversive propaganda. Concerning this statement, the Director noted: "Let me see basis for this."

There is no basis for Axelrod's statement. He is absolutely wrong. The portion of the pamphlet which quoted part of Axelrod's decision in the case read: "The judge pointed out that there were ample grounds for conviction in the cases involving the 62 defendants, most of whom were college students, but he added that the defendants were, for the most part, 'clean-cut college students' who could well be haunted for the rest of their lives by the stigma which a conviction would attach to them."

By letter 62-106287-208 2-28-61 Axelrod complained to the Director that because our pamphlet quoted only this portion of his decision in the case, many people had interpreted it to mean that he had condoned the conduct of the students. He asked that the Director issue a press release to correct the "false impression." A reply was sent to him from the Director on 3-2-61 in which he was told that the Director was thoroughly familiar with the entire text of his decision, that there had been no necessity for duplicating it in its entirety in the pamphlet, and that the portion that was quoted had been chosen because it authoritatively confirmed that the students involved had been led and misguided into unlawful action. Axelrod was further told that if he felt that wide dissemination should be made of his entire decision that it would be more appropriate for him, as its author, to give it to the press.

Axelrod's current position is particularly absurd in light of a newspaper article in our files of another interview

with him last year. On 12-24-60 he was quoted as saying: "I very definitely agree" with the view of FBI Director J. Edgar Hoover that the city hall riot last May 13 was instigated by communist subversives. In that article he also was quoted as saying that he had been the victim of a number of crank letters and telephone calls because some people had taken a single sentence out of context in his decision and were using it to create the impression he condoned the conduct of the students. He said the sentence was: "I am convinced that they are not engaged in subversive activities nor in spreading subversive propaganda." Yet now, Axelrod is claiming that our pamphlet should have included that sentence.

It is believed that we ought to put Axelrod in his place and confront him with the lie. Enclosed is a letter to him calling his attention to the misstatement of fact and suggesting that he put the record straight.

Judge Decries Use Of Film On Rioting

The controversial film "Operation Abolition" should be junked out of context, according to the San Francisco judge who dismissed the student rioting charges which gave rise to production of the film by the House Un-American Activities Committee.

Municipal Judge Albert A. Axelrod, in Phoenix to visit his daughter and son-in-law and to speak at Phoenix Junior Chamber of Commerce meeting tomorrow night, had this and more to say about the student rioting before the committee in his city last year.

"THE CASE WAS blown up out of proportion and I would prefer that people forget about it," said he.

Not only is "Operation Abolition" out of context, but it doesn't present the facts in their true light, Axelrod said.

He added that he believed the students had every right to protest what they believed to be an undemocratic meeting, but as he stated in his opinion, he believed they chose the wrong means to

accomplish their purpose by letting themselves become victims of those who profit by creating unrest and riots.

THE JUDGE said he believed the case never would have attained national attention had J. Edgar Hoover, chief of the FBI, used more of the judge's opinion in a report destined for the congressional record.

The portion used read to the effect that the student defendants for the most part are clean-cut American college students who will grow up to become leaders in their respective fields.

Axelrod said Hoover later admitted he should have included at least the paragraph in which the judge said he was convinced they were not engaged in subversive activities nor in spreading subversive propaganda.

The judge's daughter is Mrs. Jerry Gordon of 341 W. El Caminito.

Honorable Albert A. Axelrod
 Judge
 Municipal Court
 San Francisco, California

My dear Judge:

Mr. Frank L. Price, Special Agent in Charge of our San Francisco office, has informed me that he discussed with you a newspaper article containing statements reportedly made by you recently in Phoenix, Arizona. According to Mr. Price, you explained that you had been misquoted in the article and denied stating that I had "later admitted" additional information from your decision should have been included in the FBI pamphlet concerning the San Francisco demonstrations in May, 1960.

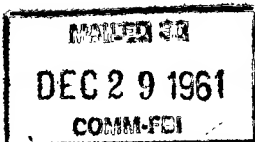

I understand you feel that to do anything to correct the record concerning the misstatement of fact would serve only to invite controversy and that you feel enough has been said on the subject already.

Your desire to avoid controversy is understandable. However, making a public speech and issuing statements which result in the publication of apparently confusing and inconsistent views is hardly a judicious way to avoid controversy and makes it most difficult for me to reconcile your desire with your behavior.

Very truly yours,

Reference is made to my memorandum dated 12/26/61 in captioned matter concerning statements attributed to Judge Axelrod in an article which appeared in the "Phoenix Gazette," particularly the statement that the Director had "later admitted" that an additional portion of the Judge's decision should have been included in the Bureau's pamphlet on the San Francisco riot.

Frank L. Price, Special Agent in Charge of the San Francisco Division contacted Judge Axelrod yesterday to discuss the matter and determine if Axelrod had made the statement. Axelrod was home sick with the flu and Price talked to him on the telephone after the Judge said his health would not permit visitors.

Axelrod denied stating that the Director admitted something additional should have been included in the Bureau's pamphlet about the San Francisco riot and claimed that he had been misquoted. Price pinned him down and demanded to know what action he intended to take in the form of a public retraction. Axelrod got flustered and tried to double-talk his way out of the situation, saying that he saw no reason to create further controversy.

Price went over the entire newspaper article point by point with Axelrod. The Judge admitted he had stated that the film "Operation Abolition" should be junked as out of context. He admitted that he had stated that the San Francisco demonstrations had attained national prominence because of the FBI report about them. He further admitted that he had stated that the FBI pamphlet had used only a portion of his decision. Despite these admissions, he emphatically denied that he had said the Director "later admitted" additional material should have been included. **REC-71** *62-106289-442*

Memo Smith to Sullivan
Re: Albert A. Axelrod
Municipal Court Judge
San Francisco, California

Price asked the Judge if he had been quoted correctly as having told the Phoenix Chamber of Commerce that he was convinced the demonstrators were not engaged in subversive activities or in spreading subversive propaganda. Axelrod claimed he was not certain of exactly what he had said but that, if he had made such a statement, he was talking about the students and not the communist rioters. Price referred him to the article in which the Judge was quoted last year as saying he very definitely agreed with the Director that the City Hall riots and mob demonstrations had been instigated by communist elements. Axelrod replied that he still agreed with this statement.

Price then told Axelrod bluntly that through his statements in Phoenix he had acted in a very inconsistent manner and that for someone who wanted to avoid controversy such inconsistency was strange. Axelrod repeated several times that all he wanted to do was to forget the whole matter and that he felt enough had been said about it already.

From the foregoing, it seems pretty obvious Axelrod said some things in Phoenix he now regrets. We have his denial that he ever made the statement about the Director and his claim that he was misquoted. To nail this down for the record, there is enclosed a letter to Axelrod referring to his denial and his claim that he was misquoted and letting him know clearly what the Director's position is on the matter.

Your letter of January 17, 1962, has been received, and I want to thank you for your kind comment concerning my administration of the FBI.

With regard to your inquiry, my report relative to the San Francisco riot in May, 1960, was based on information from the FBI's investigation of Communist Party activities, from eyewitnesses on the scene, and from official reports of local authorities involved. The description of the demonstration itself came from police reports and eyewitnesses. I outlined the agitational tactics used by communists during the hearings to build the emotional pitch of the demonstrations to an explosive point--the point at which an effort was made to supplant the rule of law with mob action. These facts speak for themselves. Despite confusing and contradictory statements which have been made about the affair, the truth is that a riot occurred and lawful authority was flouted.

Dear Mr. Hoover:

Yesterday I heard a discussion of the movie "Operation Abolition". The point was made rather strongly that there were many representations that were false and that there were inconsistencies of various kinds in this film.

Several of these incidents which during the discussion were pointed out to be misrepresented or false are related in your report "Communist Target--Youth."

What I want to know from you is, is your report wholly true and verified? If you have found that some of the information in your report is not true, would you please let me know that this is so?

Since I have used your information as a reliable source for a true picture of the rioting that occurred in San Francisco in May, 1960, to which I refer people, I must have your assurance that this material is correct. A grave doubt was cast during this discussion as to whether your report was reliable.

In order to present my arguments strongly, I must be certain that the facts can not be proven otherwise.

You have my whole-hearted support and admiration for your work and personal integrity.

Most sincerely,

Memorandum

TO : The Director

DATE: 1-25-62

FROM : N. P. Callahan

SUBJECT: The Congressional Record

Pages 714-715. The House adopted H. Res. 513 providing funds for the House Committee on Un-American Activities. Congressman Ryan, (D) New York, and Roosevelt, (D) California, spoke in opposition to these funds. Mr. Ryan stated "I have pointed out how unnecessary the committee is from the point of view of legislation. Legislation now pending there comes within the jurisdiction of other committees." He also comments on hearings held by the Committee. Mr. Ryan goes on to state "If there is little to show for last year's appropriation of \$321,000 in the hearings, perhaps the appropriation financed substantial and valuable research to be found in the form of reports issued in 1961. One report entitled 'Communist Target: Youth' was written by J. Edgar Hoover and issued by the committee. It appears to be part of the committee's effort to justify the San Francisco hearings of 1960 as does another report—House Report No. 1273—called The Truth About the Film 'Operation Abolition.' These efforts are purely defensive and make no legislative contribution."

Dear Sir:

Last week I spoke with the St. Louis office of the Federal Bureau of Investigation about securing copies of the pamphlet "Communist Target Youth" written by Mr. J. Edgar Hoover.

The St. Louis office said that they did not have extra copies of this publication but suggested that I write your office to obtain additional copies. We would like to obtain the pamphlet for use in a Church discussion group and would, therefore, need //around thirty (30) copies.

If there is a printing or mailing charge, please advise me and I will forward a check to cover this expense.

Thank you for your consideration in this matter.

My dear Senator:

I have received your letter of February 2nd and appreciate the interest which prompted you to communicate with me.

With regard to the matters you discussed, the film, "Operation Abolition," is distributed by the House Committee on Un-American Activities. Although the FBI did not participate in the preparation of the film, this Committee did cause to be published a report based on the FBI's investigation of Communist Party activities, statements of eyewitnesses on the scene, and official records of local authorities involved. It outlined the agitational tactics used by communists during the May, 1960, hearings to build the emotional pitch of the demonstrations to an explosive point--the point at which an effort was made to supplant the rule of law with mob action. These facts speak for themselves. Despite confusing and contradictory statements which have been made about the affair, the truth is that a riot occurred and lawful authority was flouted.

In view of the subsequent additional publicity in this matter, a responsible eyewitness to the riot wrote to me and in part summarized:

Dear Mr. Hoover:

The continuing effort to discredit the accuracy and authenticity of the film, "Operation Abolition", has taken a new turn, which consists in the charge that you have retracted, in part withdrawn and altered some of your statements issued by you in the Government Document entitled "Communist's Target - Youth". As this document is strongly relied upon as a basis for the commentary in the film, I will indeed be indebted to you if you will advise me if you have retracted, in part withdrawn and altered any of your statements as contained in your statement outlined in the "Communist's Target - Youth". Additionally, have you in any way altered your position in attitude toward the film, "Operation Abolition", since it was first issued by the House Committee on Un-American Activities in 1960?

Thanking you in advance for your trouble in forwarding me this information, I am,

Dear Mr. Hoover:

I am a long-time admirer of you and the FBI. I think you have done a superb job in guarding the safety of the American people. It is for this reason that I am troubled by something I read in your report, "Communist Target--Youth." People have charged that there are crucial inaccuracies in this document, and I would like to know if they are right.

In your report you say that the fire-house incident in the City Hall riot of 1960 was touched off by a student who leaped a barricade, grabbed a policeman's night stick, and beat the policeman a number of times over the head with it. This is also said in the film "Operation Abolition" which I saw recently.

However no such incident is reported in the report of the House Committee on Un-American Activities, "The Truth About the Film 'Operation Abolition.'" Nor are any such facts established in the acquittal of [redacted] the only person tried for assault in the riot.

Is there some later report by you which corrects your earlier version? If so I would like a copy. Or is your report correct and the House report incorrect? Do you think the finding of the court in the Meisenbach case in error?

I would deeply appreciate a reply in this matter.

Yours sincerely,

Mr. J. Edgar Hoover
Director, F. B. I.
Washington, D.C.

Dear Mr. Hoover;

Will you please send me a copy
of your booklet, "Communist Target-Youth".

I need to be armed with facts
to confront the "soft-on-communism"
members of our AA VW International
Relations Group. There are some who
want to pull the bedclothes up and
pretend the communists aren't there.

The only thing I, as a private citizen,
can do is to keep myself as well-
informed as possible and to help
in the dissemination of information.

Sincerely yours,

AOK

P.S. If you have enough, I would like three
copies, one for my daughter, who is a graduate
student at Yale, + one for my son, who is at the Univ. of Pennsylvania.

Dear Sir:

I wonder if you could tell me if the proposed film on your report of December 1960, "Communist Target--Youth" has been released yet? I have been following this matter with some interest and would like to follow up on it. I have shown the film "Operation Abolition" to my high school government students and would like to get the "other side" of the story. If you have any information regarding this matter, as to where the film can be obtained, I would be very grateful for your assistance.

Also, would you please send me a copy of your 1960 report, "Communist Target--Youth?"

Thank you very much.

Your letter of September 1st has been received.

Although I would like to be of service, our supply of the article you desire has been depleted. In view of your interest however, I am enclosing other items for your library, and I hope they will be of assistance in bringing the menace of communism to the attention of your young people. There will be no charge. I regret the great demand for this Bureau's publications, together with our present budgetary limitations, precludes my forwarding these articles in volume.

In the event you are not already familiar with it, you may wish to refer to my book, "Masters of Deceit," published by Holt, Rinehart and Winston, Inc., 383 Madison Avenue, New York 17, New York. A copy of it may be available to you through your local public library or bookstores. I have also written a new book entitled "A Study of Communism," which will be released on October 1, 1962, by Holt, Rinehart and Winston, Inc.

Dear Mr. Hoover:

I understand that you have copies of Communist Target- Youth available for free distribution to groups that qualify for this service. We are in immediate need of about 300 copies of this pamphlet and wonder if we cannot request these from your office.

Our church is a new church, we are just beginning to reach out into the youth of the community with an alert about the Marxist program for youth. On September the fourteenth we have our first anti-communist "TEEN NITE" and are using the motion picture "Operation Abolition". We think it would be wise to have copies of Communist Target-Youth to re-enforce the motion picture.

We are a bit concerned about getting the pamphlets here on time. Can you help us? If there is a cost involved in either their securing or their shipment we ask you to send them anyway as it is imperative that we have them here. We can take care of the expense later.

Thank you for your kind help. We appreciate your effort to support the free distribution of these pamphlets.

Dear

I have received your letter of October 24th and your interest in my book, "Masters of Deceit," is indeed appreciated.

It is essential that our citizens become aware of the problems threatening our country's future and acknowledging the danger posed by the communist conspiracy is one great step toward protecting our national traditions. The way to defeat communism is through information, education and reliance on our democratic form of government. If we are to effectively resist the eroding influence of communism, it is imperative that all citizens of this Nation try to exhibit in more positive ways the value and superiority of our form of government over any foreign ideology.

Our supply of the publication you requested has been depleted. However, I am taking the liberty of enclosing some other literature on the topic of communism I trust you will find to be of interest. You may also wish to obtain a copy of my new book, "A Study of Communism," in which I have analyzed totalitarian methods and contrasted them with life in a free country. Copies of this book may be available in your local bookstore or library.

Sincerely yours,

J. Edgar Hoover

I HAVE RECENTLY READ YOUR BOOK... "MASTERS OF DECEIT" AND TO SAY IT IS FRIGHTENING IS TO PUT IT MILDLY, HOWEVER I HAVE BEEN DOING A BIT OF RESEARCH THRU THE BOOKLETS PUT BY THE COMMITTEE ON UN AMERICAN AFFAIRS, THEREFORE I WAS FORWARDED. ONE THING IS CERTAIN THE PATTERN NEVER CHANGES.

I have received your letter of June 6th, and I want to thank you for your very kind remarks concerning my administration of the FBI. It is hoped that our future endeavors will continue to merit your support and approval.

It was indeed thoughtful of you to furnish me your observations. Although I would like to be of service to you, this Bureau's supply of the pamphlet you mentioned is depleted. Therefore, I regret I am unable to be of help in this instance.

In view of your interest in the menace of communism, enclosed is some literature which I hope will be of assistance. In addition, you may wish to refer to my books, "Masters of Deceit" and "A Study of Communism." The former was written with the hope that it would help its readers gain an insight into the true nature of communist activities. The latter is a comprehensive study of the development and expansion of communism throughout the world. They may be available at your local libraries.

NOTE: Correspondent is not identifiable in Bufiles. Her incoming requests a free copy of the pamphlet, "Communist Target Youth" and praises the Director's service to this Country. She refers to Fulton Lewis, Jr. and repeats a forceful opinion substantiating his views.

June 6, 1963.

Mr. J. Edgar Hoover,
Chief, Federal Bureau of Investigation,
Washington, D. C.

Dear Chief Hoover:

Would you please send me a free copy of your fine booklet, "Communist Target ... Youth!" ? This subject is being discussed just now on Mr. Fulton Lewis, Jr.'s Commentary program on Radio, - and especially the communist project of propaganda by communist speakers in our Colleges, to influence the young minds which have not had sufficient enlightenment upon the subject of the communist subversion strategy, nor sufficient counter-propaganda and information to immunize them from the harmful effects which these trained, expert masters of subterfuge can inflict.

As Mr. Lewis has said in his "Top of the News", we must counteract the damage which permitting speakers, who advocate the overthrow of our country by all means possible, can do. In any group, there are always some who will listen and who will be won over to that cause, - as the very organizations in the same colleges who sponsor these communist speakers can testify.

I'm sure the Makers of our Constitution could never have intended by "freedom of speech" the interpretation which would permit the toleration of those anarchist type individuals who, by a construction wholly foreign to the intention, are thereby allowed to violate, distort, change and substitute, (by revolution, or other means), the very same Constitution and Way of Government which our Founders were trying to protect by permitting Freedom.....of Speech.....of Religion.....of Personal Liberty and Personal Choiceof Government by the will of the people. and all of the other rights which the communist form of government, (which these speakers represent,) would take away from us.

Surely it is time that we interpret our rights and laws correctly! We see everything being lost to us, by carefully pre-conceived communist plot, - by the twisting by high authority of the safe-guards to our liberty - by making the constitution mean what it suits their purposes to mean - (incorrectly). It has now been suggested that it is no longer necessary to have a Senate or a House of Representatives, nor amendments to register the will of the people upon the legislation they will be forced to obey.

Where then is this so-called "Government of the people"? There are the conferences with our Legislative Bodies, before "secret agreements" are impressed upon us - and the "advice and consent obtained before appointments and treaties of the most far-reaching importance are forced upon us blindly? The World is GALLOPING headlong into co-existence and engulfment by communism. Can't we enforce the rights which are specifically delegated to us, for that very reason, -(to prevent such things,)- by the wise men who saw the threat of such dangers?

We must have an active campaign AGAINST ALL Communist influence. I don't see how we can permit to exist in this Country of Freedom - those dangerous elements who work constantly to destroy it! Isn't there some way we make communists forfeit American citizenship, and put them right out of the country? We should do the same with all seriously dangerous criminals, instead of allowing them to continue to endanger the safety and property of our honest citizens. When we see conditions which exist which are deplorable, for the good of our country, - why not let's just eradicate those harmful conditions?and the perpetrators of them? Loss of American Citizenship can be a great tool in nullifying the strength and influence of subversive or trouble-making elements.

In recent copies of Mr. Fulton Lewis' "Top of the News" he has listed some of the Communist Front Groups - and many of their members - but there are so many more of them, and so many of them are masquerading under misleading titles. Many times unintentionally, our people are supporting, or joining some of them unknowingly.

Also, known communists should be identified always, - for in cases where they are making trouble, many uninformed and gullible people support their causes, who would by no means do so, if their true nature were disclosed.

It would be of great assistance if a complete directory of these organizations and well-known leaders, could be made available to the people, - being added to, as the organizations increase. These might be circulated in the Public Libraries, or elsewhere, for reference by the public. It would help to erase some of the confusion which their double-talk generates.

It has been so wonderful to know that our Country has been able to count on you, Chief Hoover, for the faithful, loyal and patriotic support which America needs so greatly today. Thank you!

Very sincerely yours,

Sir:

In recent months I have come to find out that the Government Printing Office has a large amount of books about Communism, based on the findings of the House Committee of Un-American Activities.

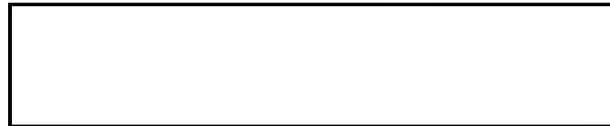

O The one, I reference this letter to is your own report titled "Communist Target-Youth" and "Communist Infiltration and Agitation Tactics"

Can you please tell me if you know of any measures taken to awaken the youth to this threat to thier libertys, and also if this book was ever distributed to our colleges especially in the area where these out breaks in San Francisco May 12-14, 1960 took place.

Also as you have endorsed this book and I know our youth and all our people have a high regard for your honesty and integrity have there been any more such type of publications endorsed by you and there titles if you may give them.

Also what in your estimation has caused the public hearing on this committee and other Senate committees to be quiet in the past few years. Is this due to public disintrest (which I doubt) or do these hearings still go on behind closed doors and not publisized due to Mass Demonstrations.

10 copies of "Statement on Communism" 7-15-62

NOTE: Bufiles show one previous communication from correspondent dated 6-5-62 at which time she advised she was a member of the El Monte Chapter of the John Birch Society. She wrote relative to an alleged statement that the Director had publicly denounced the Society. In view of her membership in the John Birch Society, ten copies of only one article ^{9/5} is being sent to her. "Communist Target-Youth" is no longer available for distribution. (62-104401-1715).

Dear

I have read your letter of November 11th.

With regard to your inquiry, the House Committee on Un-American Activities caused to be published the pamphlet to which you refer. This report was based on the FBI's investigation of Communist Party activities, statements of eyewitnesses on the scene and official records of local authorities involved. It outlined the agitational tactics used by communists during the May, 1960, hearings to build the emotional pitch of the demonstrations to an explosive point--the point at which an effort was made to supplant the rule of law with mob action. These facts speak for themselves. Despite confusing and contradictory statements which have been made about the affair, the truth is that a riot occurred and lawful authority was flouted.

In view of the subsequent additional publicity in this matter, a responsible eyewitness to the riot wrote to me and in part summarized:

"To sum it all up, there was a fracas on the Hearing Room side of the barricade involving a young man whose identity I do not know, triggering the mob violence immediately preceding the police use of the hoses. There is no question as to this sequence of events."

Dear Mr Hoover ---

Will you please send me at least one copy of
"Communist Target, Youth," and as many more, up to a dozen,
as you can spare. //

And could you please tell me why it is that any
one that publicly denounces Communism or any things closely
related to it is made a "laughing stock" and is ridiculed to the
point of ruin. //

I am speaking now of one of our Councilmen here in
St. Paul who was brave enough to stand up to a professor at
the University of Minnesota and defend Americanism against free-
thinking Socialism, in a debate. I have been shocked at the reaction
of some of my acquaintances, in favor of Mr Sibley, the professor.

Anything I can do to help you do to protect our
Country, let me know. d
